

PRODUCT HIGHLIGHTS

GALILEO COMBI-STEAM TECHNOLOGY

This innovative technology, developed through research conducted on Smeg built-in ovens, ensures improved heat distribution, enhancing cooking performance.

VERSATILE COOKING FUNCTIONS

The COF01 oven offers a variety of functions in one unit, ranging from traditional cooking to air frying, pure steam to Chef Mode, providing users with a wide range of cooking options to suit different recipes and preferences.

ADJUSTABLE HUMIDITY LEVELS

Choose 100% steam cooking or combined steam cooking with adjustable humidity levels ranging from 20% to 70%, allowing for precise control over cooking conditions to achieve desired results.

CONVENIENT WATER TANK

The oven features a removable water tank located at the top, easily accessible with the press of a button. The tank provides 24 hours of continuous steam, eliminating the need to interrupt cooking to refill, even during slow cooking at low temperatures. Additionally, the display indicates when water levels are low and when descaling is required, ensuring optimal performance and maintenance of the appliance.

FEATURES

Dimensions	500mmW x 400mmH x 500mmD (with handle)
Finish	Plastic body Black glass
Cooking functions	7
Other functions	4
Automatic Recipes	33
Steam range	20 - 70% (Fan assisted + steam) 100% (Pure steam)
Steam delivery	Injection
Display	Colour LCD
Volume	30L
Water tank capacity	800mL
Shelf positions	3
Thermostat	40° C - 230° C
Cleaning	Vapour clean
Lighting	1 x Halogen
Safety	Control lock
Timer	Automatic end cooking
Power	220 - 240V, 50/60Hz 1800W 10A Connection
Warranty	Two years parts and labour

FOUR TRADITIONAL COOKING FUNCTIONS:

THREE STEAM ASSISTED COOKING FUNCTIONS:

OTHER FUNCTIONS:

ACCESSORIES INCLUDED

- 1 x Stainless steel shelf
- 1 x Stainless steel perforated tray
- 1 x Enameled tray
