90CM DOLCE STIL NOVO INDUCTION
COMBI COOKTOP WITH GAS BURNER

MADE IN ITALY

Since 1948

Dimensions	900mmW x 45mmH x 510mmD
Finish	Black ceramic glass surface with copper trim
Capacity	4 zones and 1 burner Centre left (gas burner) 21.6 mj/hr Front centre* 230x180mm 2100W boost 3600W Rear centre *230x180mm 2100W boost 3600W Front right* 230x180mm 2100W boost 3600W Rear right* 230x180mm 2100W boost 3600W *These zones feature Surface Share
Power Levels	9 heat settings per zone + 1 boost setting per zone 3 auto-regulated temperatures J 42°C, JJ 70°C, JJJ 94°C
Warranty	Five years parts and labour

ULTRA RAPID BURNER

The ultra-powerful triple crown brass burner is able to reach an output of 21.6 mj/h. It's ideal for foods that require cooking over a high heat or for an especially fast preparation when using a wok.

TWO SURFACE SHARE ZONES

Smeg's Surface Share technology allows zones to be combined and operated with a single control. They are the largest available and square in shape, ensuring that every part of the zone to the edge is usable, without any cold spots.

BOOST

Provides an additional surge of power for even more intense heat ideal for rapid boiling or stir frying. The temperature will revert to power level 9 when complete.

PRESET TEMPERATURE SETTINGS

Active Surface Control will activate and automatically illuminate the relevant power control, when a pan is placed over the applicable zone.

ACTIVE SURFACE CONTROL

Active Surface Control will activate and automatically illuminate the relevant power control, when a pan is placed on the applicable zone
