Power	220-240V, 50Hz 1450W 10A 3 pin plug
Warranty	Two years parts and labour

MICROWAVE COOKING

Five power levels (maximum 100% plus four lower levels). The microwave will automatically operate on 100% power for the duration of the cooking time selected.

PROGRAMMED COOKING

There are six convenient food groups with automatic programming for optimised microwave power and time.

QUICK START

With a single press of a button, you can quickly and conveniently operate the microwave. Pressing "Start" will immediately start operating at 100% power for 30 seconds. Continue to press the "Start" button to extend the cooking time in 30 second increments for up to 5 minutes.

DEFROST

Defrost up to 2kg of food quickly and easily by selecting the Defrost program and entering the food weight for automatic calculation of microwave power and time.

CHILD SAFETY LOCK

Easily prevent careless access to the microwave functions by pressing the "Auto Menu" and "Clock/Timer" buttons at the same time for two seconds.
