PRODUCT HIGHLIGHTS

DESIGNED IN ITALY BY DEEP DESIGN

Designed by renowned Milan design studio deepdesign, the Smeg fully automatic coffee machine pairs inimitable Italian style with the latest technology. Brew the perfect cup with a machine that will fit beautifully into any kitchen.

19 BAR PRESSURE

The Smeg Fully-automatic coffee machine uses a professional 19-bar pump pressure, which concentrates beans at an optimal level to give your coffee a rich taste and a crema top.

TEXTURES MILK FROTH

The BCC12 machine has a milk steaming function, perfect for creating delicious Latte, Cappuccino and Macchiato as well as Espresso, Americano or Ristretto coffee.

6 COFFEE BEVERAGE FUNCTIONS

Create a variety of different styles of milk-based coffee including Latte, Cappuccino and Macchiato right through to stronger coffees including the Espresso and Ristretto. The BCC12 machine creates delicious café-style coffee to suit a variety of tastes.
