PRODUCT HIGHLIGHTS

DESIGNED IN ITALY BY DEEP DESIGN

Designed by renowned Milan design studio deepdesign, the Smeg fully automatic coffee machine pairs inimitable Italian style with the latest technology. Brew the perfect cup with a machine that will fit beautifully into any kitchen.

19 BAR PRESSURE

The Smeg Fully-automatic coffee machine uses a professional 19-bar pump pressure, which concentrates beans at an optimal level to give your coffee a rich taste and a crema top.

AUTOMILK

The BCC13 machine automatically steams your milk at the push of a button. Creating delicious lattes and cappuccino's, whether you're using dairy milk or alternatives.

8 COFFEE BEVERAGE FUNCTIONS

Create a variety of different styles of milk-based coffee including Latte, Cappuccino and Macchiato right through to stronger coffees like Espresso. The BCC13 machine creates delicious aromatic coffee to suit a variety of tastes.

QUICK CLEAN

The machine features a quickclean cycle that cleans the milk system in 30 seconds. Letting you switch between multiple milk types quickly.
