Award 2017

## PRODUCT HIGHLIGHTS

### 70W MOTOR & AUTOMATIC ON/OFF

Powerful 70W motor with built-in sensor: the juicing process starts once there's pressure on the reamer, for easy and effortless use.

### PREMIUM REAMER AND STRAINER

Stainless steel and anti-corrosive components ensure complete squeezing from both small and large fruit.

### PREMIUM JUICING BOWL

Made in Tritan Renew™: BPA-free, impact resistant, easy to remove, made from 50% recycled material.

### ANTI-DRIP SPOUT

The Stainless steel spout dispenses juice directly into the glass or cup. Tilt up to interrupt the flow and prevent dripping.

### LID

Tritan Renew™ cover to protect from dust when the product is not in use. Can be used as a bowl for fruit and peel.
