PRODUCT HIGHLIGHTS

CAFE QUALITY DRINKS AT HOME

Create the perfect froth to suit your taste, whether you prefer a light, airy foam or a rich and dense result, Smeg's Milk Frother with 6 pre-set programs makes the perfect cup everytime.

250ML CAPACITY

The removable stainless steel jug has a generous capacity of 600ml of milk or 250ml of froth, perfect for a quick cup or for when guests arrive.

SUITABLE FOR HOT AND COLD DRINKS

The Milk frother is the ideal appliance for preparing delicious hot and cold drinks, just like the ones that you would enjoy in a coffee shop. From cappuccino to hot chocolate or even an iced macchiato, enjoy the perfect cup from the comfort of your own home.

INDUCTION HEATING SYSTEM

The gentle, even heat distribution of the induction system achieves the perfect aeration for hot or cold milk drinks, creating a silky finish.

EASY CLEANING

Just simply wipe down when finished and the removable jug can be cleaned easily in the dishwasher.
