

SAI3644B 60CM INDUCTION COOKTOP

MULTI ZONE

Smeg's MultiZone heating zone can be used as two independent cooking zones or combined into a single zone. Each zone automatically adapts to the size and position of the dishes and is heated only where the pans locate, providing better heat distribution.

ENERGY CREDENTIALS

Save energy without compromising cooking results with the Eco Logic Advance limitation system, enabling a minimum power draw of 4.2kW.

AUTO VENT 2.0

Utilising Bluetooth technology, your cooktop will automatically adjust your compatible rangehood based on the power level selected on the cooktop. You will always have the Optimal extraction level, leaving your kitchen without condensation and odours.

TOUCH CONTROLS

For precise cooking control, the zones are operated by an ergonomic slide control where you can choose to touch directly or finger swipe up and down the 1 to 9 power levels with no 'tapping' required.

EAN 8017709305567

Dimensions	600mmW x 53mmH x 510mmD
Finish	Black ceramic
Installation	Topmount
Cutout	555-560mmW x 478-482mmD
Capacity	4 zones Front left: 210 x 190 mm, 2100W - boost 2500W - double boost 3000W Rear left: 210 x 190 mm, 2100W - boost 2500W - double boost 3000W Rear right: 210 x 190 mm, 2100W - boost 2500W - double boost 3000W Front right: 210 x 190 mm, 2100W - boost 2500W - double boost 3000W Multizone left: 385 x 230 mm, 3000W - boost 3700W Multizone right right: 385 x 230 mm, 3000W - boost 3700W
