### COMPACT BUT MIGHTY

Discover the power of the Steam100 Pro, a compact oven that combines traditional and steam cooking to create tasty and nutritious dishes. Maximum flexibility in steam delivery selections with either pulse or continuous steam injection technology delivers fresh flavours, healthy foods and beautifully browned yet juicy dishes.

### COOK FOOD GENTLY AND QUICKLY

Combine steam with traditional cooking for up to 13 hours at a 20% steam level or over two hours at full 100% steam cooking.

Steam cooking:

- ✓ Uses less fat for healthier cooked meals
- ✓ Minimises shrinkage (maintains its volume)
- ✓ Meats become more succulent and juicy
- ✓ Leavened doughs can rise and begin cooking before crust is formed

### TEN TRADITIONAL COOKING FUNCTIONS:

### FIVE STEAM ASSISTED COOKING FUNCTIONS:

### SIX CONTINUOUS STEAM COOKING FUNCTIONS:

### OTHER FUNCTIONS:

### SMART COOKING

Let the oven do the work for you and cook with 150 built-in smart auto programmes and preset parameters. Once you have chosen your dish from the menu, select the weight and the oven will automatically calculate the optimum cooking settings, ensuring outstanding results time and time again. Plus, you can even save the oven settings of up to 10 of your favourite recipes so they can be simply called up at the touch of a button.

### MULTI-POINT TEMPERATURE PROBE

Cook like a professional. The multi-point probe measures the internal temperature of your food at three different points for precise cooking results.

### VAPOUR CLEAN

Grease and cooking residue is softened by the combination of heat and steam for easier removal. This program runs for approximately 13 minutes, making this a very economical and eco-friendly way to clean the oven after a big cook up.

### NEPTUNE GREY: THE NEW NEUTRAL

An elegant aesthetic that incorporates modern minimalistic design trends with an on-trend neutral colour, Linea is characterised by symmetrical lines, balance and light. Any combination of premium Linea appliances will make a real style statement in the kitchen.
