DOLCE STIL NOVO STEAM100 PRO OVEN

MADE IN ITALY

Since 1948

FULL SIZE STEAM COOKING

Discover the Steam100 Pro, a full size oven that combines traditional and steam cooking to create tasty and nutritious dishes. Maximum flexibility in steam selections with manual pulse, injected or continuous steam technology delivers fresh flavours, healthy foods and beautifully browned yet juicy dishes. Combine steam with traditional cooking for up to 13 hours at a 20% steam level or over 2 hours at full 100% steam cooking.

FILL & HIDE WATER LOADING

Refill the extra large 2L water tank of the Steam100 Pro without opening the oven door and disrupting the cooking cycle. The Fill & Hide system also saves time as it calculates and loads the right amount of water needed for cooking.

SMART COOKING

Let the oven do the work for you and cook with 150 built-in auto programmes. Plus, you can even save the oven settings of up to 10 of your favourite recipes so they can be simply called up at the touch of a button.

MULTI-STEP PROGRAMMING

Pre-set up to three different steps before you start cooking to allow for utmost versatility to achieve the perfect finish. It's no fuss, set and forget cooking.

MULTI-POINT TEMPERATURE PROBE

Cook like a professional. The multi-point probe measures the internal temperature of your food at three different points for precise cooking results.

TEN TRADITIONAL COOKING FUNCTIONS:

FIVE STEAM ASSISTED COOKING FUNCTIONS:

SIX CONTINUOUS STEAM COOKING FUNCTIONS:

OTHER FUNCTIONS:

VIVOSCREEN MAX

Intuitive, easy to read and simple to use. An extra large display boasting full colour and high definition images illustrate the extensive range of automatic programmes for smart cooking.

SMEGCONNECT

Introducing a new generation of connected Smeg appliances. SmegConnect brings Wi-Fi connectivity into the kitchen. The SmegConnect app allows you to monitor and remotely control compatible appliances through your smartphone or tablet (iOS and Android).
