

SOPA6301TN

60CM CLASSIC PYRO OVEN

MADE IN ITALY
Since 1948

REFINED TRADITIONAL COOKING

Whether you're a passionate cook, master baker or avid entertainer, this oven enables self-expression in the kitchen. Ten traditional cooking functions including static, fan forced, turbo, grill and more, provides endless cooking options at your fingertips. From creating wonderfully crisped pies, tarts and quiches, to perfectly cooked roasts and vegetables, you can rely on this oven to deliver optimised heating and oven conditions to cook various dishes without odour and flavour transfer.

ULTIMATE CLEANING

Pyrolytic self-cleaning oven technology means one less kitchen chore. The oven heats to a temperature approaching 500°C for up to three hours and carbonises grease and food residue to a fine ash that can be easily wiped out with a damp cloth. No harsh chemicals are required and the door remains safe to touch.

EVERCLEAN ENAMEL

The superior quality of Smeg's signature Ever Clean enamel, which is highly durable and easy to clean, is the result of over 70 years of enameling expertise; ensuring the exceptional long-life performance of every Smeg oven.

ELECTRONIC TEMPERATURE CONTROL

Precision is at the heart of Smeg's electronic temperature control. Offering 5 degree Celsius increments you can set the oven to the most suitable temperature with ease and precision.
